

Employee Agreement and Responsibilities for Cellular Use

The opportunity of having access to a Maverick County cellular phone is a responsibility not a right. Please read below and direct any inquiries, comments, and questions about understanding the responsible use of cellular lines to the Maverick County Auditor's Office. The cellular phone is the property of Maverick County at all times.

The equipment must be returned to the Auditor's office when the authorized users do not longer have a need for it. To verify the equipment return, users must sign a copy of the Cellular Responsible Use Form, which will serve as a receipt for the employee.

Appropriate Use

- Cell phone is to be used primarily for authorized County business, but some limited personal use is permitted, such as emergencies

When requested, users will review the monthly billings, verifying the accuracy of the billing, and identifying any calls that were not official business
